

As the 16th president of the United States, Abraham Lincoln (1809-1865) brilliantly led America through one of its most trying times. He saw the country through the Civil War, which concluded in the preservation of the Union and the abolition of slavery. His resolute and ethical character was admired far and wide. Famed for his eloquent speeches and fiery rhetoric, his prose was equally artful. Contained in this volume are the selected speeches and writings of Lincoln from 1859-1865. This period encompasses the rise of a humble man to great political power. His untimely assassination by John Wilkes Booth in 1865 left the country in turmoil. A masterful and astute politician, Lincoln was also an accomplished and poetic writer. Through his powerful prose we witness Lincoln with tremendous intimacy. As a writer he was prolific: he wrote hundreds of speeches, debates, letters, and political correspondence. Combined, these writings demonstrate the depth and sophistication of Lincoln's thoughts on slavery, war, economics, democracy, and liberty. Contained within are the complete debates of Lincoln and Douglas which proved to be one of the most famous political debates of all time. This volume is truly a treat to any history buff, student, or curious Lincoln fan.
