

Gabriella Appleby is a struggling young, large-size model who can't quite behave. She tries, but sometimes telling the truth just doesn't seem like the right thing to do. Making foolish choices also seems to be high on her list of to-do items. Ace Journey is interested in Gabby, and cares about her enough to want to make an indelible impression on her. No one has taught her to behave, and he figures he's the man to do it. Although their New York/New Jersey rendezvous takes him out of his natural element, his ranch in Texas, he's smart and capable, and more than a match for the city streets. Gabby wants Ace, and Ace wants Gabby. Unfortunately, her errors in judgment lead them to a fork in the road where they must part. Miserable about it, they find that an unlikely matchmaker—billionaire Jonny Chow—steps in to show them just how much they mean to each other.
