

ALIEN ROMANCE Im about to experience my very first ever alien probing... My love life kind of sucks at the moment. Im in a relationship with a devilishly attractive college classmate, Kyle, who, by appearances, is everything a girl could want. With smoldering good looks and a brain the size of a planet, he should by all means be more than enough for me. But, from the beginning, Kyles always been a little bit too bookish. I feel like hes just not that into me sexually, and its led to quite a bit of distance between the two of us lately. One night, however, Im walking home from the library after a failed anatomy lesson, and I find myself suddenly transported to an alien spacecraft. Here, I meet an absolutely gorgeous alien life form known as Rayzor, who seems to be seeking out a bit of a female anatomy lesson of his own... *Warning: This book contains lots of HOT sex, drama and submission. If this is not the kind of stuff you like to read, then start now and see what you have been missing ;-)
