

Koara has always loved being able to predict the effects of social change and what is needed to make it happen. On her own world, she set matters in motion when she was twelve years old, and it cost her her planet. While some folk enjoy an evolving society, others fight to remain the same, and their actions can take a violent turn. Citadel Lowel becomes her home, and a Yaluthu adopts her as its own. Life is going along well until she is given an assignment that removes her from her comfort zone and she has to alter the way she sees the worlds around her or disaster will take over.
