

Worn out and on the run, Aries Bracken's life has quickly gone from bad to worse. Kidnapped by a team of mercenaries, she tries to convince their domineering commander that he has taken the wrong woman. She'll play the helpless female until they slip up and when they do, she'll be gone! Skin Walker Commander Conn Drago's mission was simple, retrieve the woman and deliver her for payment. However, he quickly discovers that not only is the beautiful and spirited Aries not the intended target; she's also unaware of the fact that she too is a Skin Walker. When Conn realizes others are hunting Aries as well, he can't fight his compulsion to protect her. He'll have to battle both her unknown enemies, his own Skin Walker kind, and Aries's desire to be free to claim what he has decided belongs to him.
