

For centuries, there have been legends of Vampiresâ€”the fault of one careless dragon. But humans only know part of the story. Walking among us are Dragonsâ€”shape-shifters who feed on blood. When Dragon Elder Janos Aventech stumbles across a Dragon mate, he knows he must find her mate and before his enemies do. Itâ€™s destined. If only she were his mateâ€”Scarlett canâ€™t stop staring at him and then he kidnaps her! He tells her sheâ€™s destined for a Dragonâ€™s bed, and as her attraction grows, she can only hope itâ€™s his. For months, Jonah Genjhury has hunted Athena. Waiting. Planning. Dreaming. When he finally finds her, he knows itâ€™s time to claim her. Athena, however, isnâ€™t having any of this â€œDragonâ€• business. Theyâ€™re myths and she certainly isnâ€™t the mate of one of those flying, scaly, blood-sucking creatures. Except, heâ€™s not scaly most of the time, heâ€™s super hot, and she canâ€™t stop wanting him. Lucan Aventech once lived in the human world until he reached the age of Dragon maturity and was forced to leave everyone behind, including his beloved Meda. Now, heâ€™s ready to reclaim his life and Meda, but her deep-seated anger and pain over his desertion complicates his plans. Still, nothing can stop the passion still burning between them, not even another who wants to claim her as his own.
