

Dagger Drake is a fast-mover, living his life in afterburner. As one of the best of the best, a fighter pilot with the famous Deadly Rattlers, he pilots his Viper jet with the same ferocity that he chases women. One magical night at the Officers' Club changes him forever when a curvy Southerner crosses his path. Lauren Carter is like no one he's ever met—her classic beauty, her sharp wit, and the depth of her haunting soul captivates him. When they collide, the chemistry explodes with more intensity than the massive satellite guided bombs Dagger drops from his F-16. When a horrific crash dredges up an unthinkable loss from Lauren's past, can their love triumph? Dagger is a full length standalone novel of approximately 97,000 words.
