

Proud to be a part of the Open Heart Chronicles Novellas. Aden, son of Tarek, is a seer—an elite member of The Selected which stands guard before The Fall, the border between light and dark realities. Darkness was foretold at his birth along with the words “lavender waters will set you free.”™ What Aden assumed to be a mythical prophecy, is eventually manifested in a ravishing beauty with long, lavender hair. Skylynn had seen their future, the sacrifice and divide set before them. She told him they had three days—three days before they must part to meet in a distant future. Aden dares to challenge the limits set before him by empowering his innocent lover with words and energy as he plots to face the darkness predicted before it claims her—and their rightful future together.
