

When it comes to questions about where babies come from, the way in which boys and girls bodies change as they're growing up, and what sex is all about, few people know all the right answers. In this book, Dr Ruth addresses children's concerns with warmth and frankness. Topics in Dr Ruth Talks to Kids include physical changes in adolescent bodies and the feelings that go along with them, responsible decision-making about sex, contraception myths and realities, and the processes of conception and childbirth, as well as important information about sexually transmitted diseases and sexual abuse.
