

Warning: This story contains mature language and EXTREMELY sexually explicit material, including BDSM, pegging, femdom, feminization, and taboo relations. Intended for readers 18 and older, only. English professor Samuel Ornelas is stressed-out, divorced, and losing hope, but things look up when his favorite student shows him a side he's never seen before. With Olivia's help, he realizes that all he needs is a little domination to show him who's really in control. Approximate length: 5,500 words. SHORT STORY Excerpt: "There's one more little task I have for you, Samantha," Olivia said. Her hands fell down to her hips, and her thumbs hooked into her panties. She began to slip them off. "Mistress!" I choked out. Olivia wiggled her hips once, twice, and the panties fell to the floor. An animalistic impulse clenched itself inside of me. I was overcome with the desire to kneel before her. "Put these on." My gaze instantly switched to my wall clock. It was ten minutes before class, meaning I had only five or so until students started showing up. A dull roar erupted in my ears. Olivia crossed her arms impatiently. I stared at her panties heaped on the floor, a mere slip of lace with elastic straps. I felt her touch on my shoulders, her breath on my neck. "If you put these on," she began, "you'll get a treat after class." Her sultry voice put me over the edge. I liked how it sounded. A treat. I bent over and stuck my feet into her panties. They became tighter and tighter as I slid them up my legs.
