

Victoria (Tori) Anderson has spent her entire life invisible. She plays the good girl well doing whatever it takes to pacify those around her, including her scumbag boyfriend who doesn't necessarily deserve her loyalty. When tragedy strikes bringing her boyfriend's extended family into town, Tori is offered a way to escape in a dangerous package. Multiple tattoos and piercings should warn Tori to stay away, but something about Sterling Bentley draws her in: into his life, into his bed, into his soul, his heart and his pain. What do you do when you find the love of your life and they are the opposite of what you thought you wanted?
