

#1 New York Times bestselling author Linda Lael Miller has created a captivating vampire series that continues with the second volume, FOR ALL ETERNITY. Powerful vampire Maeve Tremayne loves her immortality. She time travels freely from century to century, taking nourishment only from the most evil members of the human world. But sometimes she steps in to soften the final moments of the dying by offering them one last moment of pleasurable release from pain. Haunting the battlefield of Gettysburg on one such journey, she dares to lose her soul to a dedicated mortal doctor, Calder Holbrook. Calder thinks she is merely a delusional dream of men in agony, but when he sees her for himself, he loses his heart to the beautiful immortal woman. Maeve tries to put the mortal doctor out of her mind, and wants to erase his memories of her, but she can't resist her own attraction. Then their budding romance is threatened when Maeve is called upon to confront Lisette, the mad vampire queen who rocks the immortal world by causing a war that pits all undead creatures against each other. Before the angels can step in to destroy them, Maeve needs to forge an alliance with the hostile warlocks against their mutual enemy. But she must also protect Calder, whom she fears will be caught in the middle of the battle.
