

Kendra moved in with Kevin when they were kids, when her mother married his father. They've grown up together, and he thinks of her as his little sister. So when he walks in and finds her tied up and being abused by a guy he's shocked and furious. But it's not a violent attack. It turns out Kendra, who he's never thought of as more than the brat is deeply into bondage and punishment. And now that he knows about it she is intent on making him bring all her darkest fantasies to life. He tries to resist as she lures him in, tempting and teasing him, being more and more the brat. But the more he punishes her the more turned on they both get. Soon he loses all restraint and their secret bondage and punishment games grow ever darker.
