

I'll tell you what this book isn't about. It's not about self-help and I'm not preaching to you. It's also not for children. Funk to Funky is about my life and some people and events that I encountered along the way. I had some realizations like you can have all the funk in the world and not be funky enough or you can't make this stuff up. All you can do is try to come out the other side of the experience better than you were before. I also took some photos of myself at this time of my life rather than have someone else take them. I took the photos the same day I wrote the text that corresponds to the photo, so I was in the moment. Funk to Funky is a metaphor for in to out, up to down, or here to there. We all take a journey in life, this is a little bit of mine.
