

Love and passion really does conquer all. While on an undercover mission to gather intelligence on the neighboring collective, Micah receives the shock of his life. A shy, reclusive horse tamer who possesses a level of raw psi Talent that nearly matches his own. Along with her pure, wild Talent, her beautiful spirit and innocence rouse him to take her on a voyage of discovery to the stars and the limits of her own, untapped passion. All her life, Jeri has hidden her Talent, enduring the stigma of being "odd." Once aboard the Circe, Micah and his cousin Darak, a rogue of the first order, guide her through a world where those with Talents are revered, not hunted. Where pleasure hones and strengthens psi power to undreamed-of heights. Where love is a real possibility, not a distant dream. When a defenseless planet is besieged by the collective's armada, the Circe races to the rescue only to discover a missing piece of Jeri's past on the wrong side of the battle. And that combining her formidable new powers with Micah's may win the day, but cost her everything. Warning: This book contains scenes of menage a trois et quatre, some exhibitionism, a bit of voyeurism, and love in space and on land.
