

Hollys neighbors, Joshua and Stewart, are fit, gorgeous, and gay -- or that's what she thinks. Then one day, after coming to his aid following an accident, she forms a deep connection with Joshua, and subsequently becomes a psychic voyeur into his love life with Stewart. Holly has never experienced anything so intense, erotic, and arousing before, and despite her confusion about why this has happened to her, she can think of little else but being in the bed with the two men. Joshua is trying to come to terms with being gay, and he's about to announce his sexuality to his family. But now Holly has entered the scene and he's drawn to her as well as to his partner, Stewart. Since his accident he feels close to Holly. She calms him and arouses him. Sharing Stewart with her shouldn't be this much of a turn-on, but it is. Stewart is bisexual, and his attraction to Holly is something he's been keeping under wraps for the sake of his relationship -- until he discovers Joshua is attracted to her as well. When they end up in a threesome, sex has never been this hot, but Joshua is even more confused about his sexuality as a result. Then Holly confides her psychic ability, adding a whole new dimension that none of them can ignore. Her intuition has brought them together, but will it also tear them apart?
