

When an accident claims her mother's life, Keahilani Alana must take charge of her family or risk losing what little they have. With an underage brother to care for and no education, she has few options. The door to a heavenly hellish opportunity opens when she stumbles upon a valuable secret her mother left behind on the slopes of an extinct volcano--a legacy that tempts the family with riches beyond their wildest dreams. But the secret is much bigger and more sinister than they realize. As reality unravels and exposes eerie truths about the siblings that should have remained deep under the mountain, Keahilani must either resist the call of her blood or risk being consumed by its darkness. Blake Murphy is an assassin working to infiltrate a new Hawaiian cartel. His investigation reveals that Keahilani, the sexy surfing instructor he pegged as an informant, is much closer to the drug ring than he thought. Passion ignites between them in the bedroom, but their ironclad ties to opposing interests pit them against each other everywhere else. When tensions reach the breaking point and her family is threatened, the only cure for Keahilani's hot-blooded fury is a loaded clip with a body bag chaser. * HOT-BLOODED is a suspense/thriller that contains drug use and graphic sex, language, and violence.
