

Today, everyone is online: from your grandmother to your five-year-old nephew. The most effective way to keep in touch, and to market a business on a small budget, is via the Internet. But the Internet can be intimidating to many, especially folks who didn't grow up with a computer attached to them. In the Tutorials and Tools for Prospering in a Digital World Series, Indies Unlimited aims to take the scariness out of being online for newbies, and hopes to help those with more experience expand their Web footprint, whether it's for personal use or product marketing. Written in easy to understand language, Volume II of this series offers over ninety (90) tutorials, tips, and introductions to basics, such as capturing a URL, to how to make an animated GIF. For those who are more comfortable with their online presence, materials range from how to use Pinterest for marketing, to how to build a static website in WordPress, and many others. And, there is an entire section dedicated to authors which includes articles on book formatting, book promotion, and more. Don't be left behind in the dust of technology. The experts at Indies Unlimited are here to help. Using the "Look Inside" feature for this book will allow you to peruse the vast table of contents. Don't see what you're looking for there? Try Volume I, located at: <http://www.amazon.com/Indies-Unlimited-Tutorials-Prospering-Digital-ebook/dp/B00ABGW4DY4/>
