

Professionally, Kayla Foreman has achieved everything she set out to accomplish by the age of 34. Being known as The Dragon Lady of the 32nd Floor by her subordinates at work is just fine with her. Well, most of the time. It does get a bit lonely sometimes, but she'd rather be feared than disrespected. And the title certainly ensures that the boring corporate stud-muffins keep their distance. She's left her humble, small-town beginnings far behind her, but can't quite shake her taste for the rugged men from her past. One particular voyeuristic adolescent encounter with a farmhand has haunted her erotic fantasies for years. If she can just move past her cowboy fixation, she's certain she can find someone more suitable to share her life. The answer to her problem arrives in the form of a simple business card with the words, Your Fantasy and a phone number printed on the front. That's it. Against her better judgment and after several lemon drop martinis, she contacts Delta of Venus Inc., and sets up an interview at the female fantasy fulfillment agency. What she finds there isn't the tawdry bordello-type situation she was expecting. Instead their service offers authentic, discreet and detailed scene enactments. She can have practically anything she wants. For a price, of course. And what she wants is an afternoon with the cowboy of her dreams. Maybe a riding lesson from a trained professional might just do the trick... What Kayla doesn't count on is that her fantasy cowboy has his own plan in place, and it involves much more than just a few hours in the saddle. This sensual erotic romance novella contains: graphic language, masturbation, a long and detailed sex scene, some very light spanking action, and one hot, cowboy. Now Includes Bonus Chapter - The Original Chapter Three. Novella of approximately 28,000 words (not including Holly's Dream Lover Fantasy Preview - Chapter One)
