

Bethany Neals suspenseful debut novel is about the power of first love and the haunting lies that threaten to tear it apart. What if your last kiss was with the wrong boy? Cassidy Haines remembers her first kiss vividly. It was on the old covered bridge the summer before her freshman year with her boyfriend of three years, Ethan Keys. But her last kiss--the one she shared with someone at her seventeenth birthday party the night she died--is a blur. Cassidy is trapped in the living world, not only mourning the loss of her human body, but left with the grim suspicion that her untimely death wasnt a suicide as everyone assumes. She cant remember anything from the weeks leading up to her birthday and shes worried that she may have betrayed her boyfriend. If Cassidy is to uncover the truth about that fateful night and make amends with the only boy shell ever love, she must face her past and all the decisions she made--good and bad--that led to her last kiss.
