

Whilst the second and longest part contains a somewhat detailed study of the nature and development of mans spiritual or mystical consciousness, the first is intended rather to provide an introduction to the general subject of mysticism. Exhibiting it by turns from the point of view of metaphysics, psychology, and symbolism, it is an attempt to gather between the covers of one volume information at present scattered amongst many monographs and text-books written in divers tongues, and to give the student in a compact form at least the elementary facts in regard to each of those subjects which are most closely connected with the study of the mystics. Those mystics, properly speaking, can only be studied in their works: works which are for the most part left unread by those who now talk much about mysticism. Certainly the general reader has this excuse, that the masterpieces of mystical literature, full of strange beauties though they be, offer considerable difficulties to those who come to them unprepared. In the first seven chapters of this book I have tried to remove a few of these difficulties ;to provide the necessary preparation ;and to exhibit the relation in which mysticism stands to other forms of life. I f, then, the readers of this section are enabled by it to come to the encounter of mystical literature with a greater power of sympathetic comprehension than they previously possessed, it will have served the purpose for which it has been composed.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
