

Thea and Gwen have been best friends since they were kids. Thea will do anything for Gwen and she uses it to her advantage whenever necessary. A coerced shopping trip turns into a date. A few tears turn into unexpected sex. Friendship turns into love. Wait. When did that happen? And do they want to pursue those new feelings? What happens if an attempt at a relationship ruins everything? Thea isn't sure she wants to risk it, but Gwen is sure she does. When Thea turns her straight best friend down, Gwen is crushed. Thea has always known she was a lesbian and she loves Gwen more than anything, but that doesn't mean she wants to be Gwen's experiment. That will only leave her with a broken heart in the end. Can Gwen change Thea's mind and prove that her love is true? ***This is a re-release of a previously published ebook. Ive added a short flash fiction to the end for your enjoyment.***
