

This book contains fifteen different translations of the Holy Bible as compared to the King James Version. The translations included are from the Greek, Hebrew and Latin and some are older, obscure versions while others are much newer versions used by some organizations. Giant, textbook size with two pages devoted exclusively for each verse and there is also room for notes or to add your own additional translations. It is interesting to note that a single word translated differently can change the entire context of a verse! And as John said at the end of the Book of Revelation: REV 22:18 For I testify unto every man that heareth the words of the prophecy of this book, If any man shall add unto these things, God shall add unto him the plagues that are written in this book: REV 22:19 And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book. So, how do we know which one we should follow? Which translation is correct? The only way to find out is to study the Word of God ourselves. And pray. Also included is a vintage, critical and explanatory commentary written long before the distractions of today's technology age, which offers a fresh, new view on the End Times prophecies that today are so important that we all understand them. Commentary included is the Commentary Critical and Explanatory on the Whole Bible. In addition to the King James Version 1769, the following versions are included for comparison. The newer copyrighted editions are not included because most of those were re-translated from the following: American Standard Version Bible In Basic English Catholic Public Domain Version Douay-Rheims Hebrew Names Version Latin Vulgate New Heart English Bible Open English Bible Restored Holy Bible Tyndale Bible Updated King James Version Webster Bible Weymouth New Testament World English Bible Youngs Literal Translation
