

In the male-dominated Empire of Ranexx, Saturnia is a lovely silver-haired submissive who has been sent with many others of her kind to suffer at hard labor on the Eastern Wall, a pet project of the Emperor. As the property of the 5th Legion, Saturnia works hard all suns and then under the moons she must satisfy the sexual needs of dozens of soldiers. Saturnia's personal demon is the cruel centurion Seneca who not only uses her body, but threatens her with horrible punishments and even death if she fails to obey him. The constant danger present at the Eastern Wall is the people called barbarians, who are the reason the wall is being built. When Saturnia is suddenly linked to the barbarians her life is in danger, but one man seems to know her life is important. Captain Titus, commander of the 2nd Cohort of the 5th, understands Saturnia may be the only link to another whole culture which the Empire doesn't even know exists. In a fateful decision, he risks his life, freedom, and his career to save Saturnia and help her escape. When they both enter this strange, new world what will happen to Saturnia and the man who has risked all to save her. Do they both have the courage to face the challenges which lay ahead of them?
