

Valerie teases her boss on a Friday, giving him extra work, and making his life harder. She dares him to spank her naughty bottom, knowing that they've been playing a cat and mouse game for years. Her boss calls her bluff, and bends her over his lap to teach her a lesson. Sweet little Valerie's ass will be red by the time her alpha male boss is through with her, as he punishes her with sweet, rough spankings with his hand and the belt, before tasting her, letting her taste him, and bending her over his desk and ramming her. Sometimes a girl likes for a man to show her who is boss! EXCERPT: She sauntered those curvy, feminine hips over to the door and closed it behind her. When I heard the click of the lock, I knew that we were in for a wild ride. "Don't be too gentle with me," she said matter of factly, punctuating it with a sexy wink. I loosened my tie and sat up in my desk chair, ready to do my worst to little Valerie. She wore a sensual grin that let me know she was ready for action. The glasses came off as she tossed them to the ground across the room, and she undid the top buttons on her blouse, as if the room was too hot and she needed some air. Valerie walked around to the front of my desk and spread my legs apart with her hand, looking down at the bulge in my slacks. "Looks like somebody is happy to see me," she said, with a naughty little smile.
