

Slavery in Massachusetts by Henry David Thoreau  
Slavery in Massachusetts is an 1854 essay by Henry David Thoreau based on a speech he gave at an anti-slavery rally at Framingham, Massachusetts, on July 4, 1854, after the re-enslavement in Boston, Massachusetts of fugitive slave Anthony Burns. About the Author: Henry David Thoreau (July 12, 1817 - May 6, 1862; born David Henry Thoreau) was an American author, naturalist, transcendentalist, tax resister, development critic, and philosopher who is best known for *Walden*, a reflection upon simple living in natural surroundings, and his essay, *Civil Disobedience*, an argument for individual resistance to civil government in moral opposition to an unjust state. Thoreau's books, articles, essays, journals, and poetry total over 20 volumes. Among his lasting contributions were his writings on natural history and philosophy, where he anticipated the methods and findings of ecology and environmental history, two sources of modern day environmentalism. He was a lifelong abolitionist, delivering lectures that attacked the Fugitive Slave Law while praising the writings of Wendell Phillips and defending the abolitionist John Brown. Thoreau's philosophy of nonviolent resistance influenced the political thoughts and actions of such later figures as Leo Tolstoy, Mohandas K. Gandhi, and Martin Luther King, Jr. Thoreau is often claimed as an inspiration by anarchists, as well. Though *Civil Disobedience* calls for improving rather than abolishing government - I ask for, not at once no government, but at once a better government - the direction of this improvement aims at anarchism: That government is best which governs not at all; and when men are prepared for it, that will be the kind of government which they will have.
