

How can you save someone who doesn't want to be saved? For Broni, being stranded on Earth was not the worst possible thing that could happen. Given the opportunity to finally meet Rhys Stone, she decides to take what she can get with what time she has left before her enemies find her. Rhys is forced to live again by a woman who doesn't understand the word no, and has no shame in offering him anything he wants. She thinks she can make him love again, make him into the man he once was. It was a battle doomed to failure until Fate steps in showing him that if Broni doesn't survive, no one will!
