

Francine is a young single mom, living with her mother, trying to support her twin daughters and go to nursing school. She takes a job at an escort service hoping to make enough money that she'll only have to work a few nights a week, giving her time to study and time to spend with her kids. She meets a client who is too good looking and too much of a gentleman to have to use an escort service. She finds out why he uses professional escorts on her first assignment with him. He has a little bit of a kinky side in the bedroom - he believes in domestic discipline. Hell pay extra, but is Francine willing to accommodate him? Warning: This story contains scenes involving adult spanking, and the discipline of an adult woman by an adult male. Explicit sex scenes. If you are or may be offended by such material, please don't buy this book!
