The first book in a New Series - Immortal Hearts of San Francisco. There was something in her blood that gave me more strength than I'd ever known before. As if heaven itself had reached into the dark depths of hell and grabbed my soul back from within the pit of fire. No drug existed on this planet, strong enough to match the high. Cian DeMarco, a sexy, rock star billionaire, vampire has lived in San Francisco's prestigious Cliff Side neighborhood in his beautiful mansion overlooking both the San Francisco Bay and the Pacific Ocean for the past seventy of his two-hundred and twenty years of his existence. Happily--or so he thought, preying on a different woman as often as his heart desired. Until the rare beauty that is Magdalena De la Rosa sits down at one of the front-row tables in Club Royal where he and his band perform once a week. The scent of her blood had him completely undone and unable to contain his desire for her. Magdalena De la Rosa has it all--Bachelor's degree in journalism, a job she loves in California, a gorgeous apartment in San Francisco, and a dream guy. Except her boyfriend lives and works in Sacramento--an hour and a half drive from the city Magdalena has always fantasized about living in. All her dreams change, however, when she and her girlfriend find their way into an up scale nightclub and she's suddenly swept off her feet by the lead singer of that night's performing rock band, The Lost Boys. As she becomes mesmerized by his gaze, his scent penetrates and embraces every cell of her body and she can't deny her own desires for him. Sparks ignite between the two until a threat from Cian's past that was thought to no longer exist returns to wreak havoc on Cian and Magdalena's lives. Will the temptation to be together outweigh the reality of what Cian must do to keep Magdalena safe from harm? Tempted by a Vampire is a stand-alone book.
