

Most of the adventures recorded in this book really occurred; one or two were experiences of my own, the rest those of boys who were schoolmates of mine. Huck Finn is drawn from life; Tom Sawyer also, but not from an individual—he is a combination of the characteristics of three boys whom I knew, and therefore belongs to the composite order of architecture. The odd superstitions touched upon were all prevalent among children and slaves in the West at the period of this story. Although my book is intended mainly for the entertainment of boys and girls, I hope it will not be shunned by men and women on that account, for part of my plan has been to try to pleasantly remind adults of what they once were themselves, and of how they felt and thought and talked, and what queer enterprises they sometimes engaged in.

The natural cure of consumption, constipation, Brights disease, neuralgia, rheumatism, colds (fevers), etc. : how sickness originates, and how to prevent it : a health manual for the people, Arethusa, Transmission and Stranded Costs in the Electric Power Industry, Istanbul Archaeological Museums, The Great Apes (Perspectives on human evolution),
