

A treasure trove of timeless information, this complete guide is to the table what Joy of Cooking is to the kitchen. Von Drachenfels shows us how to select, lay and use tableware to enhance any dining experience, and how to properly store and care for it -- whether it's your grandmother's porcelain or everyday stainless steel. She provides guidance on mixing and matching tableware patterns; the basics of coffee, tea, and wine; menu planning; napkin folding, and the proper service techniques for all types of entertainment. So as not to let the lore of the table fall away, she delves deep into the history of specific tableware and the customs we keep, making today's practices understandable. For the novice host, this is an easy-to-follow, step-by-step guide with more than 100 useful illustrations. For the host with more experience, it is a rich and exciting source of new ideas. Like its author, whose passion for the table is contagious, The Art of the Table is an authoritative, elegant, and sophisticated resource for all one's dining needs.

Plantation (A Zombie Apocalypse Thriller), Halloween Ball, Fundamentals of Islamic Thought (Translated): God, Man and the Universe, Familiar Passions (VMC Book 2290), Gods Generals: William Branham, Fbi Most Wanted: An Encycloped (Garland Reference Library of Social Science), Women Who Knew the Mortal Messiah (Stories of 12 Women from the New Testament), Orders of infinity: The infinitesimal of Paul Du Bois-Reymond (Cambridge tracts in mathematics and mathematical physics),
