

In the past thirty years, the United States has undergone a profound transformation in its social structure: Crime has increased, trust has declined, families have broken down, and individualism has triumphed over community. Has the Great Disruption of recent decades rent the fabric of American society irreparably? In this brilliant and sweeping work of social, economic, and moral analysis, Francis Fukuyama shows that even as the old order has broken apart, a new social order is already taking its place. The Great Disruption forges a new model for understanding the Great Reconstruction that is under way.
