

LEGAL ENVIRONMENT OF BUSINESS is the #1 text for this course--setting the standard by delivering comprehensive, authoritative, and cutting-edge coverage in an interesting and accessible format. Its recipe for success includes the same black letter law flavor as its #1 Business Law counterpart Business Law by Clarkson, Miller, Jentz, and Cross, but with a more specific focus on current topics like ethics, government regulation, and administrative law. The cases, content, and features of the exciting new 7th edition have been meticulously and thoroughly updated, representing the latest developments. An excellent assortment of cases ranges from precedent-setting landmarks to recent decisions. Ethical, global, and e-commerce themes are integrated throughout, and numerous critical thinking exercises challenge students to apply what they've learned to real-world issues. The text also offers an unmatched range of support materials -- including innovative online teaching and learning resources. It's no wonder that LEGAL ENVIRONMENT OF BUSINESS is used by more colleges and universities than any other business law text.
