

Galaxy Zack blasts back to the past in this outer space chapter book adventure! A baby pterosaur can't find his way home, so it's up to the Nebulon Navigators to return him to the Prehistoric Planet. And when Zack's dad is invited on the journey, Zack finds a way to go along too! But as they blast off on the super shuttle, they hear a strange noise. Is it the pterosaur, crying for his mama? No, it's... Zack's dog, Luna, who has snuck onto the shuttle! When the shuttle lands, Zack can't believe his eyes: The Prehistoric Planet is full of creatures that he's only read about in books. Zack and the team of navigators head out in search of the pterosaur's mother and end up in the middle of an amazing adventure. With easy-to-read language and illustrations on almost every page, the Galaxy Zack chapter books are perfect for beginning readers.
