

^ ^ ^ The Trinity Theory offers a way of being. ^ It is a spiritual current that demonstrates one way to climb the ladder of divinity. ^ It is comprised of 13 chapters that begin simply, and grow outwards, upwards, and inwards, somehow finding their way back to the beginning again. ^ It weaves a web of perceptions to be enjoyed, a wonderful cave full of gold, jewels, and gems for you to hunt. ^ ^ The Trinity Theory is a system of being based upon the idea that every living thing in the Universe is a spiral. ^ Humans and all the creatures of the Earth are spirals, the official blueprint of nature. ^ Solar systems, cells, your fingertips and your cat are all living, functioning spirals. You know the spiral, you live the spiral, and you are the spiral. ^ ^ Society with its linear systems is not based upon the spiral. ^ In fact, it runs counter to the spiral because it is based upon the lifeless concept of duality. ^ Duality is straight, polarized, and flat. ^ This has created much discomfort and unrest for you because it dictates a lifestyle that is far removed from your natural way of being. ^ The pantheon of love/hate, wrong/right and bad/good have held you under their spell for millennia now. ^ The Trinity Theory is here to banish that illusion and replace it with old-fashioned truth.
