

This book is about the vigorous life style of dating that changes course every time a person surfs the web. Making dating sites of all the familiar chat rooms give chase, where dating is a means of finding out what you like and dislike about a persons, attitude, character, behavior. Which is modified by peoples over all sickness on how they act and think. No one is sincere any more and it seems like every body and their momma wants to have someone new. In my book you will be able to gain insight on a forever changing dating process while giving a person a chance to reevaluate their thoughts and feelings about what they may or may not think about the person they are dating. It will also open up new ideas on the type of people to look for without becoming to judgemental about a person because they dont think the way you do. The idea of this book is for people to follow protocol sense dating has become more and more complexed, my book will guide you through certain situation that will identify the perfidy of the poisonous people you come in contact with. Helping men and women gravitate to a more unique means of question and answers that they may not other wise never have.
