

Arousal Up Inhibition Down What starts as an erotic interrogation when Collin Stark, Chief Executive Bad Ass of a private military company, discovers his new junior secretary omitted the last two years of undergrad and her masters degree from her resume turns into a period of intense discovery. For the fiercely dominant Collin, the plus-size beauty is the perfect submissive who has never acknowledged her true nature. For Mia James, shes fighting to keep her job and restore her sense of dignity after submitting to one mind-blowing evening in Collins office. But running a business that can topple governments means life cant be all bedroom games. Men like Collin are targets and so are the women around them. Sometimes, targets have to bleed -- sometimes they have to die. Very seldom do they find enduring love.
