

Reincarnation is real, and two soldiers who have been part of a war that has raged for centuries wake up in new bodies, each on a quest to find the other. Mali and Tessa remember now: they remember their roles as soldiers in a war without end, battling each other throughout centuries, reincarnating only to fight one another again. But now that they're finally together, they've decided to break this cycle for good by choosing love over war. Unfortunately, factions on all sides of the conflict are at odds with their choice—including Tessa's parents. Critically-acclaimed writer Christopher Sebela (*Dead Letters*, *High Crimes*) and artist Claire Roe (*Batgirl* and *the Birds of Prey*) delve back into the darkly complex world where all lines have been blurred: between love and hate, war and peace.
