

Werewolf Logan Wright receives a mysterious phone call from Nadia, a beautiful demon woman he interviewed in his capacity as detective in the LAPD paranormal unit. She's breathless and scared, and begs for his help. The former Packmaster's enforcer of pack law and official executioner for his wolf pack has developed a fierce protectiveness for Nadia, and he drops everything to find her. When Logan discovers Nadia is being hunted by members of the pack he walked away from, his protectiveness flares to killing rage. Taking leave of the LAPD, Logan travels to northern California to rescue Nadia from the wolves. Nadia is both surprised and warmed when Logan himself rushes to her aid. She's been interested in him ever since she met him as a werewolf has a heady life essence she craves, but her longing for him is more than that. When Logan comes to free her, her interest flares to all-out desire. But nothing is what it seems, and Logan might be in more danger rescuing her than Nadia is herself. A story in the Immortals series, Wolf Hunt is a fourteen-chapter, 32,000 word novella. Events fall after The Redeeming (Book 5).
