Chapter 1 excerpt: Nicole woke up in her college dorm bed feeling sore and sticky. The last thing she remembered was being up late studying with her roommate, Lisa, when she could not keep her eyes open anymore. They were both in the same college writing class on essays and persuasive writing. The test today was a mid term and one-fifth of the grade. As a result, she had been extra zealous about studying the night before. The stickiness of her lacy red underwear she could not explain, neither the feeling like somebody had violated her most private areas. Something about her dream the night before tickled her memory but she could not remember what her dreams were about. Shivering, she shrugged off the feeling, getting out of bottom bunk bed. It was a standard dorm room bed thankfully it allowed them to use the space as much as they could. The corner wall had two desks, one opposite the other, and twin dressers that reached the ceiling bordered the entry way. Windows let in light, even with the flimsy white curtains, through the opposite end of the room as the door. Wake up, sleepyhead, she said, reaching out and grabbing Lisas leg. Lisa moaned in her sleep and rolled over. Checking her clock on the desk, Nicole noticed the time: it was eight thirty, so they had a little less than an hour before they would need to head to class to be on time. Get up, or youll be late for our test, Nicole said, loudly. She slapped Lisas calf as she headed towards her closet to grab some clothes and her shower kit. After undressing and wrapping herself in a towel, she headed out of the room and down the hall to clean herself up and remove some of the fog from her brain. The last thing she could remember of the night before had been drinking the coffee Lisa had thoughtfully fetched from the local seven eleven. After that, I must have fallen asleep, Nicole thought. She figured that she had probably gotten undressed while sleeping, or at least half asleep. Otherwise, how did she wake up in her underwear? The showers were still pretty empty as Nicole entered the first stall and closed the curtain behind her. She set her shower caddy down and turned on the water, standing to the side so the cold spray wouldnt hit her as it heated up. Nicole felt tender in her front and her back. She couldnt explain what happened the previous night and the more she thought about it, the more worried she grew. The blackouts had only happened a few times but in the past week, it had happened almost every night and in the morning, she would waken, sore and feeling abused.
